

For Entrepreneurs

As the owner of a privately-held business do you feel that these are critical leadership capabilities that if mastered would take your business to the next level:

- **Inspiring** your people?
- **Articulating** your vision for the business?
- **Modeling** the way - living your values?
- **Challenging** people to be their best at their job?
- **Building** trust in your organization?

The Five Practices of Exemplary Leadership[®]

Join us for a six-session workshop series starting on January 17 (once a month for six months) designed specifically for business owners (and next-generation leaders of your business) to:

- Assess your leadership effectiveness
- Explore best practices with other local business owners
- Create your personal development plan to strengthen your leadership skills
