

Hartford Encounters

A PROGRAM OF  LEADERSHIP GREATER HARTFORD

[Hartford Encounters](#) will give your staff, whether experienced, new hires or interns, a fresh appreciation for the assets and attractions that make Hartford unique and dynamic. These aren't typical sight-seeing tours: your participants will experience the city by meeting face-to-face with influential decision-makers in diverse organizations, both strongly positioned and cutting-edge.

You'll find these benefits to be uppermost:

- Connect and engage your team, present and potential
- Attract and retain top talent by helping them develop a positive appreciation for Hartford
- Explore opportunities for volunteer engagement
- Gain a deeper appreciation for the people, places and possibilities of Greater Hartford
- Demonstrate on-site to tour participants your organization's community impact

- Bus tours, either half-day (a.m./p.m.) or full-day, with an optional meal reflecting the city's cultural diversity.
- Bus tours may be customized to meet your goals and interests: for example, thematic (historic/architectural, arts/culture, recreation/entertainment), neighborhood, community service opportunities
