“Initially, I was hesitant about joining LGH’s Quest program. Looking back, I am glad that I did. Being part of Quest 2020 was an awe-inspiring opportunity and a meaningful experience. I have learned so much from my cohort, my Mental Health Taskforce Group as well as the LGH staff and speakers. Through my coaching, I figured out what I want to be when I grow up (my next level). I was fortunate to meet and bond with a remarkable group of people from different backgrounds professionally and personally. This was exactly what I needed at this stage in my life. Though COVID changed the dynamics, it did not minimize the experience.”

Why Now?

Our signature Quest program adapts to the changing needs of leaders. In 2022, the Quest program will host in-person experiences and trainings that will challenge the next generation of Hartford leaders with workshops including **Flexible & Agile Leadership, Diversity, Equity, and Inclusion, and Leadership Presence.**

Additionally, this experience will provide leaders with connections during a time of extreme disconnect. For our Hartford region, the cultivation of leaders who are connected to the Hartford community will be essential for our continued growth.
